Methodology for Teachers Primary

Código: ESP003
Horas: teóricas
Requisitos: ESP002
Modalidad:

Descripción

This module is designed by experts. The aim is to motivate, guide and equip you to achieve your learning goals and teach young learners effectively. In the courses, you focus on language in context and practice all aspects of the language in a meaningful way. In the courses you find and understand a wide variety of written and spoken texts and focus on features like style and discourse, rather than just focusing on sentences in isolation. In the courses there is equal focus on vocabulary, grammar, functional language, pronunciation, reading, writing, listening and speaking, and you can use the language in a creative, personalized way. You don't just learn standard answers to standard questions. In the courses, feedback guides you to understanding. Exercises help you learn, rather than just testing what you learn. You focus on meaning first and then on form. As you progress you are challenged more, using a wide variety of engaging exercise types.
